**DECISION TITLE: CCFRA Data Centre Replacement**

**Executive Summary:** (no more than 100 words)

Following the transition of governance from Cumbria County Council to the Police, Fire and Crime Commissioner (CCFRA) ICT services are hosted by Cumberland Council on behalf of Cumbria Fire and Rescue Service and Westmorland and Furness Council. There are two data centres, a primary and secondary, which support applications and services for CFRS and provide resilience to ensure business continuity.

Cumberland Council are seeking permission to award the contract for the provision of replacement ICT datacentre infrastructure, namely the replacement of the Cisco Unified Computing System (UCS). In addition to the procurement of infrastructure a 5 year support and maintenance agreement will also be included as part of the requirement.

This data centre equipment is now end of life and replacement investment is required to maintain the required security for the ICT estate.

**Recommendation:**

The Commissioner is asked to:

- Agree to the award of contract by Cumberland Council for new data center equipment and 5 years support and maintenance for £109,825
- Agree the capital spend of £109,825 as agreed in the Capital Programme

**Police, Fire & Crime Commissioner**

I confirm that I have considered whether or not I have any personal or prejudicial in this matter and take the proposed decision in compliance with the Code of Conduct for Cumbria Police, Fire & Crime Commissioner. Any such interests are recorded below.

I hereby:

**approve**

do not approve
