REQUEST FOR POLICE & CRIME COMMISSIONER DECISION - (N° 005 / 2018)

TITLE: Cumbria Constabulary ICT Strategy 2018 – 2022

Executive Summary:

Cumbria Constabulary **ICT Strategy 2018 – 2022** aims to provide a link between the strategic objectives of the organisation and our priorities for the ICT Service. It seeks to outline the current and future requirements for ICT and documents the measures and changes that are required to meet these.

The strategy supports the priorities set out in the Police & Crime Commissioner's **Police and Crime Plan 2016 – 2020** and is also cognisant of external influences which will significantly impact our future direction which include:

- **APCC & NPCC Policing Vision 2025.** The vision recognises the recent rapid development of technology which means it now plays a significant and central part in almost everything we do. Policing must embrace this new world and adapt to the new threats and opportunities it presents;
- **National Programmes.** The approx. 17 national initiatives which include, for example, the Emergency Services Mobile Communication Programme which will replace the current Airwave provision;
- **Security Landscape.** Increased threat levels, for example as we rely more on the internet for Cloud based services, will inevitably result in increases in ICT budgetary requirements;
- **Economic landscape.** Brexit has added impetus to inflationary growth in ICT products, which are generally priced in dollars and are therefore vulnerable to exchange rate fluctuations.

The strategy outlines five key priority areas of delivery and the projects, outcomes and approaches that will deliver these strategic priorities, however it should be noted that they are not mutually exclusive. It is clear that the reliance on technology within the Constabulary is now higher than at any other time and will continue to grow. The strategy therefore focuses on building solutions that are portable, cost effective and deliver operational policing systems and applications to all users whilst controlling implementation and on-going revenue budgets accordingly.

The ICT Strategy is designed to be a live document that is continually updated as part of the implementation of the strategy. As the business requirements of the Constabulary change, the strategy will be updated to reflect this.

Recommendation:

The Commissioner is asked to approve the ICT Strategy 2018 – 2022 to endorse the continuation of delivery against the Key Strategic Objectives detailed within the strategy.
