Signing of the Armed Forces Covenant

PFCC Peter McCall, CC Michelle Skeer and CFO John Beard have announced a commitment to the armed forces by signing the national covenant.

Peter McCall, comments: "As a former colonel in the British army, I have seen first-hand the dedication and sacrifice of those who have served in the armed forces, and the skills, experience and positive attitude they can bring into civilian life when they leave the forces, I'm sure everyone would agree that they truly deserve fair treatment from all services."
